PROFESSIONAL SUMMARY

Senior Hybrid Mobile & Web Developer with 8+ years of experience building scalable, high-performance applications using Ionic, Angular, React, and Vue. Specialist in cross-platform mobile app development, modern web solutions, clean architecture, REST/GraphQL API integration, and seamless user experience. Experienced in Agile/Scrum environments, CI/CD pipelines, and cloud deployments on AWS. Also proficient in designing responsive websites using Webflow.

TECHNICAL SKILLS

Technologies: Angular, React, Vue, Next.js, Nuxt.js, TypeScript, JavaScript, HTML, CSS, SCSS

Mobile & Backend: Ionic, Capacitor, REST APIs, GraphQL, Firebase.

Database & Cloud: MySQL, PostgreSQL, MongoDB, AWS, Docker

Testing: Jest, Cypress (unit, integration, and E2E testing)

Tools: Git, GitHub, Webflow Designer, CI/CD, Agile/Scrum, ChatGPT, Cursor

PROFESSIONAL EXPERIENCE

Senior Ionic Angular Developer | MeWhiz, Lucknow, Uttar Pradesh, India (Remote)

January 2025 – Present

- Building and maintaining high-performance hybrid mobile applications using Ionic, Angular, and Capacitor
- Developing scalable and maintainable application architectures for long-term product growth
- Integrating RESTful APIs, third-party services, and authentication systems seamlessly
- Optimizing app performance, responsiveness, and overall user experience across Android and iOS platforms
- Delivering stable production builds with focus on reliability, code quality, and smooth deployment processes
- Collaborating with remote teams to implement features, resolve issues, and improve application stability

Senior Ionic Developer | Code Alchemy Pvt. Ltd., Surat, Gujarat

March 2018 – December 2024

- Led end-to-end development of cross-platform mobile and web applications
 - Designed scalable architectures and improved application performance and maintainability
 - Integrated RESTful APIs, third-party services, and secure payment gateways
 - Deployed and managed applications on Google Play Store and Apple App Store, ensuring compliance with platform guidelines and smooth release cycles
 - Optimized application performance, improving load time and user experience
 - Designed and developed responsive websites using Webflow (no-code/low-code), focusing on modern UI/UX and fast delivery
 - Collaborated with cross-functional teams to deliver high-quality, production-ready solutions
 - Mentored junior developers, conducted code reviews, and enforced best practices
-

Angular Trainee | La Net Team Software Solutions Pvt. Ltd., Surat, Gujarat

June 2017 – December 2017

- Developed reusable and responsive UI components using Angular
- Assisted in API integration, debugging, and performance improvements
- Gained hands-on experience in enterprise-level application development practices
- Collaborated with senior developers to understand code structure and best practices

PROJECT EXPERIENCE

1. Surf Athlete App: [iOS](#) | [Android](#)

Tech Stack: Ionic, Angular, GraphQL, REST APIs

- Developed the Surf Athlete fitness app with surf-specific workouts, training circuits, and weekly schedules for athletes. Added offline video download support for remote access. Led project delivery, including system design, API integration, and performance optimization.

2. ePRINTit SaaS: [iOS](#) | [Android](#)

Tech Stack: Ionic, Angular, GraphQL, REST APIs

- Built a cross-platform print workflow app with cloud (Google Drive, Gmail) and local file integration, including scanner and printer support, improving efficiency and performance.

3. **Lens – AI ESG Decision Intelligence Platform:** [Web](#)

Tech Stack: Angular, RxJS, REST APIs

- Developed an Angular-based ESG decision intelligence platform with interactive dashboards and scenario modeling. Built scalable UI, integrated REST APIs for real-time data, and used RxJS for state management.

4. **KaamSey Inspection:** [iOS](#) | [Android](#)

Tech Stack: Ionic, Angular, SQLite, REST APIs

- Built a field inspection app with real-time tracking, custom forms, and notifications, enabling data sync and improving operational efficiency with scalable architecture.

5. **Eimsig:** [Android](#)

Tech Stack: Ionic, Vue.js, REST APIs

- Improved application stability and performance by fixing critical bugs, enhancing UI/UX consistency, and optimizing components for better responsiveness and maintainability.

6. **Private Market Exchange:** [Web](#) | [Web](#)

Tech Stack: Vue.js, Nuxt.js, REST APIs

- Developed a secure, high-performance investment platform with optimized data handling and scalable, user-friendly interfaces for investor interactions.

7. **RentHubb:** [iOS](#)

Tech Stack: Ionic, React, REST APIs

- Developed a scalable property rental platform with listings, tenant communication, and secure payments, ensuring high performance and seamless cross-platform UX.

EDUCATION

Graduated - 05/2017

Bachelor of Engineering in Computer

C. K. Pithawala College of Engineering And Technology, Surat, Gujarat

Diploma - 05/2014

Diploma Engineering in Computer

Jayvantrai Harrai Desai Polytechnic, Surat, Gujarat
